

PROFILE

Ronny is an aspiring software engineer. He has recently graduated from Towson University with a bachelor's degree in computer science and a minor in Mathematics.

Ronny desires to find a position that will challenge and continuously develop him into a better programmer. Ronny is no stranger to tackling the unknown and enjoys picking up new techniques and languages to help work go more efficiently. Ronny actively looks for ways to improve his skillsets including but not limited to full-stack development, object-oriented programming, and database management.

HOBBIES

Computer Assembly &
Troubleshooting
Web Development
Object-Oriented Program Creation

RONNY RIVERA

Computer Science Graduate

EDUCATION

Towson University

Fall 2017 – Fall 2022

Bachelor of Science in Computer Science | GPA: 3.1
Minor in Mathematics

- Dean's List: Spring 2020

COURSEWORK

Web-Based Programming

Spring 2021

Practiced applications executing on a client-server system; studied technologies including HTTP protocol, dynamic HTML and client-side programming using JavaScript libraries & frameworks.

Database Management Systems

Spring 2021

Analyzed Data models and sublanguages as well as identifying security and integrity problems and understanding functions of the database administrator

Requirements Analysis & Modeling

Fall 2022

Applied critical thinking and analysis to determine model requirements and gained practical knowledge of tools to reveal requirements within real world applications

Software Engineering

Spring 2020

Explored methodology of designing and programming for a wide area of applications with a high degree of modifiability, efficiency, reliability, and understanding

SKILLS

Java – 4 years of experience with Object Oriented Programming
Python- 1 year of experience with Data Science Programming
SQL – 1 year of experience with school projects
